

Zulkifli Kursani

I am zulkifli from indonesia, i am accountant and start learn programming on my half study because interest about IT. I'm complete my study with my first project "stock management" using delphi 7. After that i try to learn web development with php and javascript native. I have a lot of project with accounting system and campus management. Give me chance to try another experience with remote job in your company. Thank you

 Kota Makassar, Sulawesi Selatan, Indonesia
